

Dear Grasshopper class

We hope you are all doing well and keeping yourself busy and safe by staying inside with your family. We would like to take this opportunity to tell you all that we have been thinking of you and missing your lovely smiles and all those wonderful moments we have had spent together since September.

You need to continue to grow and develop yourselves so make sure you are all listening to your parents and completing simple activities set out for you to do at home whilst the school is close. You can all keep yourself busy with fun activities such as drawing, colouring, baking, reading lots of stories, exercise and helping your parents tidying up your room and toys. Please make sure that you are being good and doing what your mummy and daddy ask you to do.

Remember you can always ask your parents to email us if you are finding something difficult or even if there is some work or creative making that you want to show us.

We have been busy working from home and we cannot wait to see all your lovely faces again.

Lots of love

Ms Virdy and Mrs Gill
