

Hello Squirrel class!

Well another few weeks have gone by and we still have not seen each other! I am sure you are all getting a little bit more used to being at home. I bet you are missing your friends and family who do not live in your household too? Me too! I do not live with my brothers and my parents. I really miss them!

I have my dog to keep me company at home. He is very annoying though, he does not like this heat so he pants a lot and sticks out that tongue of his. I have to keep giving him ice water and if I do not put ice in his bowl, he barks at the freezer until I do. Cheeky dog!

I hope you had a restful break over the Easter period. We should all be back to school mode and listening to our grown-ups when they say it is learning time. I have sent your grown-ups some emails with passwords so you can get into Google Classroom, our new way of learning from home. The teachers in Year 1 have planned work for you to be doing at home every week, just like we would be doing at school. There is English work, Maths work and Topic. I will then expect you to be uploading your completed work every week so that I can mark it.

Please make sure you listen to your grown-ups, we should all still be working from home just like you would with me in class. I will also be able to see who is not working from Home. The children I can see not doing work might get a phone call from the school asking to speak to you and may ask why you did not do your work. I want all my children's brains in Squirrel class to stay active and grow bigger and bigger so you are ready for year 2.

I must say I can see who is also consistently logging on to Bug Club and Mymaths and are having a try at doing your work. I am writing your names down in my note book and I will make sure you get a special treat when we go back to school as you are making me so proud and happy. I log on every day to check so just know if you are doing a great job, Miss Skipp can see you doing your work, so very well done!!!

Today we are going to have a yummy BBQ and for dessert I have a Vimto ice lolly. I'm so excited! But first I will need to finish my planning for you children and I am also writing your reports, telling your parents how proud I am of you and your hard work in class. I will then go for my hour's walk, we have found a new walking location, this huge field that leads into a beautiful lake and is literally two minutes from my house. I will definitely be hungry and ready for my BBQ. ☺

I hope you are keeping safe and being good for your grown-ups, I am really missing you all and hopefully it will not be too much longer until we see each other again.

I loved reading your letters you wrote back to me last time, it really put a smile on my face. If your grown-ups say so, you can write to me and tell me about your time at home and what you have been doing, I will always write back.

Take care, be good, be safe!

Miss Skipp

This is my dog, Casper
