

Hello everyone! Happy Father's Day to one and all (including all great role models in our lives). Father's Day was founded in Spokane, Washington at the YMCA in 1910 by Sonora Smart Dodd, who was born in Arkansas. Its first celebration was in the Spokane YMCA on June 19, 1910. Her father, the Civil War veteran William Jackson Smart, was a single parent who raised his six children there.

Below are the planned events for the rest of the month. I wanted to highlight the importance of the end of year tests for all children from 4th July onwards. Can I please urge all parents/carers to support your child/ren with completing their homework and online learning tasks including revising all their Phonics sounds, Maths and English topics they have covered this whole year (in class pages on the website). Working together with the class teachers, your child/ren would make expected or exceeding progress in their assessments. Thank you!

MS H BUTTAR

Attendance Ladder

Attendance Reminders

Lake Farm Park Academy has high expectations for every student from the moment they join our school. Children have the right to a high quality education and we provide this at Lake Farm Park Academy . High attendance is necessary to ensure that your child benefits fully from the learning opportunities on offer and to ensure they leave school having developed positive lifelong habits and as well rounded individuals.

Medical Appointments

Appointments, where possible, should be made outside of school hours or in the holiday period. This includes routine dental appointments. If this is unavoidable, your child should still attend school before or after the appointment where possible. Any session missed that was deemed reasonable to attend will be marked as unauthorised leave.

Absence Requests

Absence requests will only be considered for exceptional circumstances and these are dealt with on an individual basis.

What to do if your child cannot attend school:

Absence must be reported on a daily basis. You must contact the school (**before 9.00am**) on the first day of absence. This can be done by emailing lfpaoffice@theparkfederation.org or by calling the school number 02085732622 option 1. Please leave the Child's name, class and the reason why they cannot attend school. If they are ill, please give a clear explanation of their condition. **For a prolonged absence due to illness, medical evidence will be requested.** This can be in the form of a prescription, medical paperwork or an appointment card/letter.

Snacks at break times

The School Fruit and Vegetable Scheme (SFVS) is a government programme that entitles every child in England, aged 4-6 in fully state-funded schools to a piece of fruit or vegetable each school day. So Children in Nursery, Reception and Key Stage 1 get free fruit every day during break time.

We are encouraging Key Stage 2 children to bring fruits or crackers for their break times.

Fresh fruit are always the best snack choice for your kids – they contain vitamins and minerals, are a good source of fibre and count towards their 5 A Day.

****WATCH THIS SPACE! ****

This term, we shall be rewarding children who have made excellent progress in their writing, or those who have written an exciting and engaging piece to read.

Watch Out, Boris Johnson

The pupils of **Lake Farm Park Academy** are ready to have their say!

Only two weeks ago, two pupils in Year 5 participated in The Children's Parliament, which was a live, national debate led by an MP from the Houses of Parliament. The debate's agenda was based on serious issues concerning primary school pupils including cyberbullying and the environment, to name but two. Thousands of people watched live and hundreds of selected pupils from around the country participated. The live chat box was used to contribute ideas, or pupils could ask the chairman of the house if they could voice their opinions live to the audience.

Amazingly, both of our selected candidates were selected to speak live, in front of thousands of people *even though* many other pupils did not get selected. Both Maheen and Zoravar, when their turn came, spoke passionately and eloquently on the worries of knife crime and future ecological concerns.

"It was mind-bogglingly brilliant and a once-in-a-lifetime opportunity," declared **Zoravar**.

"We feel proud that we had our say and represented people of our own age," agreed **Maheen**.

Of course, at our school we are as proud as punch that our children are challenging ideas and becoming critical thinkers. Who knows? Perhaps they may be in the Houses of Parliament for real in the future!
